# SINCE 1901, INDIAN MOTORCYCLE HAS BEEN THE CHOICE OF RIDERS WHO MAKE THEIR OWN RULES

Indian Motorcycle believes there are many paths to finding your perfect ride. So we build a wide range of premium American V-twin motorcycles, equally inspiring to experienced riders and to those just entering the sport.

Our riders value a brand that is unique in motorcycling. The iconic design of our bikes combined with modern features enable them to stand above the crowd. As a brand who embraces a pioneering spirit in everything we do, we're proud to welcome any rider who shares the confidence to chart their own path.

## INDIAN VINTAGE & INDIAN SPRINGFIELD

Designed for riders who appreciate timeless style and design in a thoroughly modern and capable motorcycle. The Indian Vintage and Indian Springfield models provide a classic American air-cooled V-twin riding experience thanks to the incredibly smooth Thunderstroke 116 engine. With three distinct ride modes and a 6-speed gearbox it delivers massive low-end torque for instant acceleration.

Modern amenities like keyless ignition, cruise control, USB charging port and rear cylinder deactivation means there's no sacrificing classic style for comfort or technology. Cast aluminum frame, low seat height and ergonomically-designed controls provide confident handling in town and on longer trips. Classic style is authentic to Indian Motorcycle's heritage and makes a statement for riders who value craftsmanship.

Below: Indian Springfield shown in Thunder Black over Dirt Track Tan.

Note: North American models shown in all imagery.

## INDIAN VINTAGE

Classic American style abounds with iconic lit headdress adorning the valanced front fender. Premium, chrome finishes sparkle. Genuine leather seating and fringed saddlebags speak to Indian Motorcycle's iconic heritage. Shown in Crimson Metallic.

## INDIAN VINTAGE DARK HORSE

Style and function come together with premium matte black finishes front-to-back. The iconic headdress tank graphic makes a bold statement and genuine leather saddlebags add to its presence even standing still. Shown in Thunder Black Smoke.

## INDIAN SPRINGFIELD

Classic style meets comfort. Quick-release windshield reduces fatigue but detaches in seconds to preserve the bike's clean and classic look. Chrome highway bars provide even more comfort on longer trips. Shown in Thunder Black over Dirt Track Tan.

## INDIAN SPRINGFIELD DARK HORSE

A timeless, heritage-inspired design but with a mean, dark, stripped-down look. Slammed remote-locking hard saddlebags provide secure storage and combined with mid-rise handlebars create a menacing profile. Shown in Thunder Black Smoke.

## INDIAN VINTAGE DARK HORSE

Make an even bolder statement. Front-to-back blacked-out details mean business. Dominating power comes from the legendary Thunderstroke 116 V-twin engine. Shown in Thunder Black.

## CLASSIC WIRE WHEELS

Indian Vintage features brilliant chrome wire wheels wearing classic whitewall tires that reflect Indian Motorcycle's history of fine craftsmanship.

## STYLISH STORAGE

Fringed saddlebags on Indian Vintage and Indian Vintage Dark Horse speak to Indian Motorcycle's iconic heritage and provide ample storage for quick trips around town or weekend getaways.

## TIMELESS STYLE

Indian Springfield's heritage-inspired design provides a clean look with modern comfort and technology. Brilliant chrome details and finishes sparkle, creating a rolling work of art.

## REMOTE-LOCKING HARD SADDLEBAGS

Waterproof, remote-locking hard saddlebags provide secure storage regardless of weather conditions. Standard on Indian Springfield and Indian Springfield Dark Horse.
